

HSQE Briefing

Sentinel Rules Update 2018

Think Safe, Act Safe and Be Safe

Our Safety Vision:

- Our vision of “preventing harm to all” is at the centre of our Safety Strategy and is synonymous with our commitment to resourcing and working safely.
- We believe that our vision can be achieved if we all develop a safe mind-set, plan our tasks correctly and actively seek ways to prevent incidents. We also believe that behaving in a safe way will also lead to zero accidents. We have devised a set of rules that underpins our vision and are consistent with our mantra. **Think safe, act safe and be safe!**

safer
smarter
simpler

The Sentinel Scheme Rules have been updated. Make sure you are aware of the changes.

On **Monday 11 June 2018** version 3 of the Sentinel Scheme Rules will be published with a compliance date of **Monday 9 July 2018**. Under section 2.2 Primary Sponsors, sub section D please be aware of the changes listed below and update those individuals who have a contract of sponsorship.

The current version of the Sentinel Scheme Rules was issued in June 2015; this was to allow the introduction of Transport for London (TfL) into the scheme.

Since then we have been working with TfL to make the rules applicable across both infrastructures and no longer refer to only Network Rail.

Changes have been made following on from feedback, Formal Review panels and appeals. The changes were reviewed and amendments recommended by Infrastructure Safety Leadership Group (ISLG), Rail Industry Contractors Association (RICA), Network Rail and Transport for London amongst others.

- **SENTINEL SCHEME RULES UPDATES**

From Monday 11 June the updated Sentinel Scheme Rules will be available on the Sentinel website (click on 'Sentinel Scheme Rules').

We thank you for support and co-operation with these actions.

Best wishes

The Sentinel Team
